

# The BioBusiness Service Hub

Presents

## Biotech & Life Science Program

North Carolina  
Community College System

## BioTechnology & Life Sciences

### What's in it for Me?

Are you interested in learning more about the opportunities in the biotechnology and life science industries? Find out how to benefit from the growth of the Biotechnology and Life Sciences sectors in the Charlotte region at one of your local Community College during the week of May 12th.

The program will include a presentation by the North Carolina Community College System's [BioNetwork](#), tours of the [mobile laboratory](#) and the opportunity to talk with the experts. The program is a "drop-in" so that visitors may come at any time during the designated hours and participate in the entire program.
